Purpose of This Meeting
The South Coast Air Quality Management District (South Coast AQMD) has scheduled a public workshop for the purpose of soliciting information and suggestions from the public on Proposed Amended Rule 1405 – Control Of Ethylene Oxide Emissions From Sterilization and Related Operations (PAR 1405). PAR 1405 is scheduled for a Public Hearing before the South Coast AQMD Governing Board on June 2, 2023 (subject to change).

Background
Sterilization and fumigation processes using ethylene oxide (EtO) are regulated under Rule 1405. During South Coast AQMD's monitoring efforts at several commercial sterilization facilities in 2022, the agency became aware of fugitive emissions from sources that were not previously identified at elevated levels of concentration. PAR 1405 is being developed to address EtO emissions from sterilization processes and related operations.
Proposed Amended Rule and Objectives
PAR 1405 includes new and enhanced control and monitoring requirements to further reduce both stack and fugitive EtO emissions from sterilization operations, as well as other provisions such as reporting, recordkeeping and source testing. PAR 1405 also includes requirements such as labeling and inventory provisions for certain large warehouses and designated warehouses receiving EtO-sterilized materials.
California Environmental Quality Act
Pursuant to the California Environmental Quality Act (CEQA) and South Coast AQMD's certified regulatory program (Public Resources Code Section 21080.5, CEQA Guidelines Section 15251(l) and South Coast AQMD Rule 110), the South Coast AQMD, as lead agency for the proposed project, will prepare the appropriate CEQA documentation for the proposed project in accordance with CEQA requirements.

REQUEST FOR PROPOSAL
CONSTRUCTION MANAGEMENT and INSPECTION SERVICES FOR FORD PARK AQUATICS CENTER
The City of Bell Gardens ("City") is requesting proposals from qualified full service Construction Management firms to oversee the project development. This service includes coordination with the City and design team, assist the City with the contractor prequalification process, manage the bid and demolition of existing aquatic facilities and construction of the new Ford Park Aquatics Center. Firms submitting a response to the RFP are required to state their understanding of the project and experience with project and construction management services for similar types of aquatic facilities.
Submittal Information
Sealed proposals must be received by the office of the City Clerk, City of Bell Gardens, 7100 Garfield Avenue, Bell Gardens, CA 90201, no later than: Thursday, March 30, 2023, at 4:00 p.m. Proposals must be submitted in two (2) sealed envelopes – one shall be for the scope and labeled **"Scope Proposal" Ford Park Aquatics Center – Construction Management Services"** and one for the fee proposal and labeled **"Fee Proposal" Ford Park Aquatics Center – Construction Management Services".** Proposals received after the time and date indicated above shall be deemed nonresponsive and returned unopened. Consultants shall include four (4) hard copies of the Scope Proposal, one (1) hard copy of the Fee Proposal, and one (1) PDF file on PC compatible USB drive for each Scope and Fee (in their respective labeled envelopes).
GENERAL INFORMATION
The Bell Gardens Aquatics Center is located at 8000 Park Lane at John Anson Ford Park, accessible from Garfield Avenue. The Aquatics Center was opened in 1959 and is the only aquatic facility for the City's aquatic recreation program. The Aquatics Center has undergone relatively few renovations since it was built over 60 years ago, and the configuration of the aquatics building, pool, and supporting elements are not flexible and efficient enough to meet the needs of a modern municipal aquatics program. In 2017, the City determined that the Aquatics Center at John Anson Ford Park was no longer operational due to maintenance and safety concerns. Since this time the Aquatic Center has been non-operational and is slated to be demolished. The existing building (showers/lockers/restrooms) is comprised of a single-level, on grade building with integral pool equipment and chemical storage areas. The replacement facility includes a new building (Administration, restrooms, locker and shower facilities), meeting rooms, a multi-purpose room for training, a weight room, a new (50) fifty meter pool, a recreation pool with splash zone/ water play area, a therapeutic pool, and limited site/parking lot improvements. The Project construction costs are estimated to be $18 - $20 million including Furniture, Fixtures and Equipment.
PROPOSAL INFORMATION
The purpose of this Request for Proposal (RFP) is to facilitate the selection of a qualified full-service Construction Management firm to coordinate with the City and design team, and to manage the bid, demolition and construction phases of the new Aquatics Center Project. The City intends to select one Firm to perform all the items listed in the Scope of Work section. The construction period is estimated to start in August 2023 and to be completed by December 2024. Assume that the construction period and the project close out to take 21 months, however all CMI services to be billed hourly based on Not to Exceed proposed total amount. The Contract Change Order will be considered if the project scope expands or goes beyond 21 months. The overarching goal is to provide a community-based aquatics center that provides a variety of features which meets the needs of residents of all ages in an all-inclusive facility. The new facility should provide a wide range of opportunities for the public to enjoy aquatics programs using state-of-the-art design, equipment, and technology to ensure a clean environment with a focus on safety awareness at all times. Consultants are hereby notified that this project will be solely or partially funded with Proposition 68, CDBG, and other State/Federal funds and shall adhere to all requirements under the program funding sources. This project is subject to local, state, and federal regulations and procurement requirements. Since part of the Aquatics Center is federally funded, the Cons
