NOTICE OF COMPLETION AND AVAILABILITY OF RECIRCULATED PARTIAL DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR THE "CENTENNIAL SPECIFIC PLAN PROJECT": PROJECT NO. 02-2032, SPECIFIC PLAN NO. RPPL2026001458, PROJECT LOCATION: The 12.23-acre project site is located in the northwestern portion of the Antelope Valley in an unincorporated portion of Los Angeles County and is bounded by the Centennial boundary of Kern County. The Project site's western boundary is approximately one mile east of Interstate 5 (I-5). State Route 138 (Castaño Canyon Road) is located on the eastern portion of the Project site. The Project site is located approximately 50 miles south of Bakersfield, 5 miles east of Gorman, 36 miles west of Lancaster, and 35 miles north of Palmdale.

PROJECT BACKGROUND: On April 30, 2019, Los Angeles County certified the Centennial Project Environmental Impact Statement (EIS) and Conditional Amendment to amend the highway maps of the Countywide General Plan and the County's Antelope Valley Area Plan (c) a Zoning Ordinance Amendment to change the zoning from R-1 to R-1.5. LEGAL NOTICES

Continued from Page 11

the Centennial EIR, prepared in connection with the Centennial Project, the Findings, Statement of Overriding Consideration, and Mitigation Monitoring and Reporting Program adopted in connection with the Centennial Project, and (iii) suspending any and all specific project activity or activities, pursuant to the Centennial Project Approvals that could result in an adverse change or alteration to the physical environment, unless and until the County complies with the requirements of CEQA. On December 19, 2025, the County filed the return to the Writ in the Superior Court and a Proposed Order discharging the Writ.

By its December 2025 action, the County vacated and set aside its certification of the Centennial EIR. However, the document itself remains intact, albeit in need of revision to address the deficiencies identified in the Opinion. The Recirculated Partial Draft EIR addresses those deficiencies.

PROJECT DESCRIPTION: The Project involves the development of a master planned community with 19,333 residential units. Other land uses include approximately 7,363,818 square feet (sf) of Business Park uses (office, research and development, and warehousing or light manufacturing uses) on approximately 597 gross acres; and approximately 1,034,550 sf of Commercial uses on approximately 102 acres. Proposed Institutional/Civic land uses (such as schools for higher education, medical facilities, library, and other civic uses) encompass approximately 1,568,160 sf on approximately 110 acres. The Project includes approximately 130,680 sf of Recreation/Entertainment uses (clubhouse, farmers market, childcare facilities, health clubs) on approximately 75 acres. Proposed sites for major utility facilities that would serve the entire community (e.g., wastewater reclamation facilities, water treatment facility, water bank, materials recovery facility) encompass approximately 191 acres, and Kindergarten through 12th grade (K-12 schools) would be located on approximately 145 acres. Approximately 5,624 acres (approximately 45 percent) of the 12,329-acre Project site are proposed for Open Space for natural resource protection and greenways, and parks for active and passive recreational use. The Project also includes a vehicular and a non-vehicular circulation system.

The Project includes an integrated network of roadways walking and biking trails to reduce automobile use and facilitate safe and efficient travel. An extensive network of sidewalks, greenway trails (approximately 13 miles), and community trails (approximately 60 miles) would link residential, schools, shopping, and employment areas.

Two minor changes are proposed to the Specific Plan since it was approved in April 2019. First, the Project would add local microgrid electrical distribution systems as a permitted land use to serve the Specific Plan Area with renewable energy generated on-site. The Project also includes the Project's "Net Zero" GHG program. Second, the Project proposes to dedicate a majority of the Cement Road Realignment as a public road to improve fire resiliency. The addition of local microgrid electrical distribution systems as a permitted land use would revise Specific Plan Table 2-16 to add "Renewable Energy Microgrids" as a new land use type within the "Accessory Uses and Structures" category of use types, and would designate the use as "P" (i.e., Permitted) within the Specific Plan. Very Low Density Residential (VRDR), Low Density Residential (LDR), Medium Density Residential (MDR), High Density Residential (HDR), Very High Density Residential (VHDR), Mixed Use (MU), Commercial (C), Business Park (BP), School, Recreation/Entertainment (RE), Utility (U), and Institutional/Civic (IC) land use designations, and would designate the use as "M" (i.e., Mixed Use with Ministerial Review) within the Specific Plan's Park Land use designation. The addition of this new permitted land use does not propose a specific microgrid electrical distribution system project; new microgrid electrical distribution systems would be specifically regulated by the Specific Plan but individual projects may or may not be proposed and developed.

THE RECIRCULATED PARTIAL DRAFT ENVIRONMENTAL IMPACT REPORT: Pursuant to State CEQA Guidelines Section 15088.5, subdivision (g), this Recirculated Partial Draft EIR contains the following revised and updated portions and/or sections to be recirculated for public comment.

Introduction – Provides introductory context for the RPDEIR (RPDEIR Section 1.0);

Biological Resources – Updated Partial Biological Resources (BRS) analysis as to impacts of the Project to Crotch's bumble bee (RPDEIR Section 2.1);

Climate Change – Updated Climate Change/Greenhouse Gas Emissions analysis as to eliminating discussion of the state cap-and-trade program to the Project emissions analysis and mitigation (RPDEIR Section 2.2);

Wildfire – Updated wildfire analysis as to off-site impacts of the Project and impacts of the Project's off-site components (RPDEIR Section 2.3);

Cumulative Impacts – Updated Partial Cumulative Impacts analysis related to Biological Resources, Climate Change, and Wildfire (RPDEIR Section 3.0).

Because the Recirculated Partial Draft EIR is limited to revising only a few portions of the Centennial EIR, only the revised portions of the Centennial EIR are being recirculated for public review and comment in accordance with Subdivision (g) of State CEQA Guidelines Section 15088.5. The Recirculated Partial Draft EIR, along with any responses to comments or

revisions, will become the final volume of the Centennial EIR, and will be presented to the County for certification as part of a Revised Final EIR, along with those portions of the 2019 EIR that are not being recirculated.

SUMMARY OF SIGNIFICANT ENVIRONMENTAL IMPACTS: The 2019 EIR concluded that impacts associated with the Project would result in significant and unavoidable environmental impacts related to Agriculture and Forest Resources, Population and Housing, Air Resources, Noise, Visual Resources, Other Public Services - Solid Waste Management, Climate Change, and Cumulative Impacts. The RPDEIR evaluates the potential for Project-level and cumulative environmental impacts associated with Climate Change, Wildfire, and Biological Impacts (Crotch's bumble bee only). The RPDEIR concludes that the Project will not result in significant and unavoidable Project-level or cumulative impacts related to these resource areas.

PUBLIC HEARING: A public hearing on the proposed Project and the RPDEIR will be scheduled before the Los Angeles County Regional Planning Commission at a time and date to be determined.

REVIEWING LOCATION: A digital copy of the RPDEIR is available for public review at Los Angeles County Department of Regional Planning web addresses at <https://planning.lacounty.gov/long-range-planning/centennial-specific-plan>. The 2019 EIR can also be viewed at this location. In addition, copies of the RPDEIR are available at the following locations:

PROBATE

NOTICE OF PETITION TO ADMINISTER ESTATE OF: SARAH LOUISE MARSH, CASE NO. 26STPB01871

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the WILL or estate, or both of SARAH LOUISE MARSH. A PETITION FOR PROBATE has been filed by WILLIAM R. MARSH, JR. in the Superior Court of California, County of LOS ANGELES. THE PETITION FOR PROBATE requests that WILLIAM R. MARSH, JR. be appointed as personal representative to administer the estate of the decedent. THE PETITION requests the decedent's WILL and codicils, if any, be admitted to probate. THE WILL and any codicils are available for examination in the file kept by the court.

THE PETITION requests authority to administer the estate under the Independent Administration of Estates Act with limited authority. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A HEARING on the petition will be held in this court as follows: 08/26/26 at 8:30AM in Dept. 600 located at 111 N. HILL ST., LOS ANGELES, CA 90012. IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney. IF YOU ARE A CREDITOR or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code.

Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law. YOU MAY EXAMINE the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.
